The board consists of leaders with diverse backgrounds in both the private and public sector. Each member brings deep experience in real estate and other fields, adding significant depth and breadth to the KPG team.

NEW YORK ([PRWEB](#)) January 15, 2019 -- Robert Sessa to provide strategic guidance and input to KPG

K Property Group (KPG), a burgeoning leader in value-add office and retail acquisition's and development in NYC, today announced Robert Sessa to the Advisory Board to support the company's rapid growth by providing strategic guidance and input to KPG. The board consists of leaders with diverse backgrounds in both the private and public sector. Each member brings deep experience in real estate and other fields, adding significant depth and breadth to the KPG team.

“Our advisory board of industry leaders both inside and outside of real estate will further strengthen our executive team's talent and background, and we are fortunate to have one of our existing partners, who has been a true leader and innovator in the institutional real estate community” said Greg Kraut, KPG's Managing Partner.

“I am excited to be on a Board of individuals that are so diverse and accomplished. I am further delighted by the opportunity to provide KPG's strong team of investment professionals with my view on public pension plans, investment strategy, portfolio construction, and operations” said Robert Sessa.

“I'm convinced that Robert is going to make a valuable and positive impact on our company to help guide it through this accelerated growth period to further maturity. He has already been a valued and trusted partner” said Rod Kritsberg, KPG's Managing Partner.

About K Property Group LLC: K Property Group (“KPG”) is a vertically-integrated, privately held commercial real estate company located in New York. KPG is an NYC-focused investment and development company whose mission is to acquire and reinvest in value-add and core-plus office, retail and mixed-use properties in high growth areas and transform them into institutional-quality assets. KPG leverages its strong industry relationships to identify “first look” and off-market opportunities. This will provide long term value to KPG's partners and investors—both institutional and private.
